DOPELS OWNERS CORPORATION WEB FEATURES

After the launch of the new website a month ago, Doepel Lilley & Taylor is pleased to announce the addition of some great new features to assist our Owners Corporation clients.

Doepels is Ballarat's Owners Corporation management specialist and has extensive experience in all aspects of Owners Corporation management. Owners Corporation Manager Lesley Duffell has been recognised as the state's Small OC Manager and Rising Star OC Manager of the Year (2010).

With the new website designed to maximise the user experience, the additions to the site's Owners Corporation information now means that our clients and potential customers can use online forms to update details, request an Owners Corporation Certificate, lodge a maintenance request or submit information for a management quote. There are also links to useful Owners Corporation information.

Lesley Duffell said the additions to the new site will save clients precious time and ensure that all requests are dealt with promptly and efficiently.

"In this day and age people want to be able to access the information they need quickly and efficiently, and our new suite of forms now allows our many Owners Corporation owners the ability to submit requests at a time that suits them," she said.
